

# South America

Come for the views, ruins, and rainforests, stay for some of the warmest people anywhere. South America is home to many of the planet's most stunning landscapes, and whatever your pleasure, you'll find it here, be it trekking to Machu Picchu, sipping caipirinhas on the beach in Rio, or trekking in Patagonia. Head "south" and let your adventure begin.

# Walk in the footsteps of the Inca

Venture into Peru's Sacred Valley and follow the path of the Incas to the roof of the Andes, passing ancient ruins and breathing in pure mountain air by the lungful. There are plenty of memories to be made on the Inca Trail's four-day trek, but none compare to the instant you walk through the Sun Gate and catch your first glimpse of the forgotten city of Machu Picchu. It's not just an accomplishment; it's a transformative moment.

Climbing up Machu Picchu is one gratifying way to get your 10,000 steps in.

# FAQ: Inca Trail & Peru trekking

**Why is the Inca Trail popular?**  
 The Inca Trail, rediscovered just over a hundred years ago, is one of our most popular trips, ideal for travellers eager to combine a cultural excursion with one of the world’s most memorable hikes. The stretch referred to as the “Inca Trail” is, in fact, merely the final, dramatic stretch of the Incan road to Machu Picchu. It’s a challenging, four-day trek across high mountain passes and through cloud forest and lush jungle. While physically demanding, the 43km (26 mi) hike remains within the reach of most reasonably fit travellers. The trail culminates at the Sun Gate, where mist-shrouded views of Machu Picchu justify the challenges of getting here.

**How long has G Adventures been trekking here?**  
 We’ve been bringing travellers to the Inca Trail for almost 30 years. We run our treks with our own staff and equipment, meaning we can ensure the porters we employ are treated fairly and that the quality of our food and gear is always top-notch. Our groups enjoy the greatest adventure possible and can feel confident they’re in experienced, expert hands.

**How are permits secured — and why do I need one?**  
 G Adventures, a world leader in Inca Trail tours, has a proven system for securing your permit through our experienced Cusco-based

team. Why the need for a permit, you ask? Permits were first introduced to protect the site and its ecosystem, regulating the number of annual visitors and preventing unauthorized trekkers from hiking the trail, ensuring a cleaner, more sustainable experience for all.

**Can I obtain a permit myself?**  
 Only recognized tour operators can acquire permits to hike the Inca Trail. Tour operators are subject to thorough annual inspections by Peruvian government agencies that govern the Inca Trail.

**1-day Inca Trail option**  
 If our four-day trek isn’t in the cards for you, check out our 1-day option available on some of our tours — it covers the final stretch of the trail to Machu Picchu in a single day, with a scenic 15km hike that takes around 6 to 7 hours. Numbers are limited, so early booking is essential. Ask a GCO (Global Connection Officer) or your travel agent for more

## See Machu Picchu without a permit

There are other great treks you can take that don't require a permit. Try these on for size.

### THE LARES TREK

An amazing three-day trek through the mountains and communities surrounding the Sacred Valley with views of the snow-capped Cordillera de Vilcanota range and ending with a spectacular train ride and guided tour of Machu Picchu. See [SPLT](#) on page 219.

### CHOQUEQUIRAO TO MACHU PICCHU EXPRESS

This shorter trek is perfect if you're looking for an adventure that's as challenging as it is rewarding. Explore the ruins of Choquequirao, a remote lost city. Then hop aboard a train for a visit to nearby Machu Picchu. See [SPCQ](#) online.

### SALKANTAY TREK TO MACHU PICCHU

A three-day guided trek along the Salkantay route through spectacular mountain scenery and breathtaking vistas. Descend from the high Andes to the cloud forest around Machu Picchu. See [SPST](#) on page 217.

### MACHU PICCHU, NO HIKING BOOTS NECESSARY

Not in the mood for a trek? No sweat — we've got you covered with our Machu Picchu by train options! Hop on one of our trips that'll bring you face-to-face with the iconic ruins, no trekking required.

## Lares Community Campsite

### COMMUNITY-RUN CAMPSITE • CUNCANI, PERU

The Lares Community campsite is owned and managed by the 80 families that belong to the Cuncani community. The Planeterra-supported campsite features flush toilets, and a solid-waste management system that is the first of its kind in the region, helping you protect the pristine environment while supporting the community during your overnight stay. The earnings from the campsite are allocated for investment in social projects such as health, education, food and nutrition, and infrastructure improvements to water and electricity.

## Ccaccacollo Women's Weaving Co-op

### HANDICRAFT EXPERIENCE • SACRED VALLEY, PERU

Despite their close proximity to Cusco and Machu Picchu, surrounding communities see very little benefit from the thousands of tourists who visit each year. In 2005, G Adventures and Planeterra began working with the Ccaccacollo community, supporting local women in developing a weaving cooperative that would allow them to earn an income while preserving traditional weaving techniques using llama and alpaca wool. What began with just three women has grown into a cooperative of 46—a true example of the impact of community tourism.

# Welcome to the Jungle

Exploring the Peruvian Amazon is an otherworldly, dreamlike experience. Explore it with us and you won't want to wake up. Nestled deep within the shady confines of the Tambopata National Reserve, our G Lodge Amazon allows you to extend the dreamlike state by letting you eat and sleep within the park itself.

## The G Difference

Living side-by-side with the macaws and spider monkeys in Tambopata National Reserve is an experience you'll never forget. But your lodge is more than just a place to sleep. Check out some of the other bonuses that will make your trip memorable.

### LOCATION, LOCATION, LOCATION

By lodging on the grounds of the reserve itself, you spend less time travelling back and forth and more time doing what you came here to do: explore. We even use fast boats to get you in and out.

### GO YOUR OWN WAY

Flexible activity schedules and an abundance of well-marked trails around the lodge let travellers explore at their own pace. Dedicated naturalist guides are at your disposal to answer any flora- and fauna-related questions.

### STAY GUILT-FREE

Verified by the Rainforest Alliance, the lodge's commitment to sustainability is present everywhere. Solar heat (including 24-hour hot water), rechargeable flashlights, and meals prepared from fresh local ingredients are just the tip of the iceberg.

### TIME TO LEARN, TIME TO LOAF

Rainforest excursions occur during morning and evening hours, when the wildlife are at their wildest. The rest of the day? While-away in a hammock, stroll the trails, take a dip in the river or sip a cool beverage at the bar.

# Unwind the mysteries of the Amazon River

For millennia, the Amazon has been reluctant to reveal its secrets to outsiders; to this day, science still can't fully explain the staggering biodiversity of this lush tropical forest. Step aboard the Amatista, our 28-passenger riverboat, and journey from the source of the mighty Peruvian Amazon to Pacaya-Samiria National Reserve in search of answers.

## The G Difference

Our Amazon riverboat program lets you experience the river's immensity on a personal level. Once you've cruised it with us, you'll never be the same. Here's a few reasons why:

### REMOTE ACCESS

Explore the channels and tributaries of South America's most mystical of rivers to meet the region's inhabitants in their isolated riverside communities — places you'd never find on your own.

### MEET THE LOCAL COMMUNITY

Step off the riverboat and experience what life along the Amazon is really like. Visit local communities, feast on traditional cuisine, and reinvigorate yourself through a special shaman-led spiritual healing session.

### MAKE MORE OF YOUR DOWNTIME

Our riverboat is a comfortable ride, blessed with loads of outdoor spaces to unwind and watch life along the river drift past. A bevy of onboard experts are on-hand to add to your experience through engaging lectures on local wildlife and river culture.

# Dive into the Galápagos Islands

Situated 965km (600 mi) off the coast of Ecuador, this isolated haven of biodiversity remains nature's greatest science laboratory, home to a dazzling array of birds, reptiles, fish, and mammals that you won't find anywhere else. With no known predators, the wildlife here exhibit almost no fear of humans. It's a place that must be seen to be believed.

"Scuse me. Coming through."

## Different islands, different wildlife

The Galápagos Islands are a natural treasure for the whole world to enjoy. Spread across 13 principal islands, nine smaller ones, and more than 100 tiny rocks and islets are the creatures that inspired a young Charles Darwin to pen his theory of natural selection, which promptly turned the scientific community on its head.

### THE WEST ISLANDS

#### Isabela & Fernandina

The largest of the Galápagos Islands, the west islands contain some of the archipelago's largest colonies of birds and marine iguanas and boundless snorkelling opportunities. If you're looking for wildlife, come here first.

### THE NORTH ISLAND

#### Genovesa

It's hard to tear your eyes away from the water here, but you'll want to look skyward on Genovesa. Home to outstanding bird life, this tiny rock is just as incredible under the waves, boasting a rich variety of aquatic animals that rival their winged neighbours.

### THE CENTRAL ISLANDS

#### Santiago, Santa Cruz, & Surrounding Islands

The Galápagos' central islands are probably the best spot to witness the full scope of the diversity here, both on land and under the sea.

Each of these islands evolved in isolation from its neighbours, spawning an amazing collection of plants and animals.

### THE SOUTH ISLANDS

#### Floreana & Española

The south Galápagos Islands are home to top-notch snorkelling and quirky tradition. Volcanic bays and unusual land formations provide shelter for their birds and fish, and the charming simplicity of Post Office Bay always raises a grin or two.

### THE EAST ISLAND

#### San Cristóbal

You'll find just about every kind of creature imaginable (including snorkellers and scuba divers) in the clear waters off San Cristóbal. The land and sky are equally amazing, too, playing host to colonies of boobies, frigatebirds and volcanic landscapes.

## The G Difference

G Adventures explores the Galápagos a little differently. Small groups and dedicated CEO Naturalist Guides are just the beginning. Take a deeper dive into how we get around out here:

### SMALLER IS BETTER

We keep our group sizes intentionally small. In the Galápagos, it's usually 12 to 16 travellers — in order to deliver a more personal experience.

### AIRFARE FLEXIBILITY

Most of our tours include the cost of your return airfare between Quito and the Galápagos. Some tours don't, however, so you have the flexibility to travel the way you want.

### GREAT GUIDES

Each vessel features its own CEO Naturalist Guide who knows the islands and their inhabitants like the back of their well-tanned hands.

### UNBEATABLE VARIETY

With three yachts, multiple service levels, many land-based tours, and 7, 8, 10, and 17-day itineraries, we've got a Galápagos adventure that aligns perfectly with your budget, timetable, and style.

# Galápagos aboard the *Reina Silvia Voyager*

With wildlife widely undisturbed by humans, Galápagos cruising can feel like stepping back in time. But aboard a modern vessel like our custom-built *Reina Silvia Voyager* catamaran, the experience feels entirely 21st century. 16 passengers can cruise together, while the CEO Naturalist Guide introduces you to the wonders of these islands. With a spacious sun deck, private balconies (with most cabins), and a hot tub, this is the Galápagos Darwin never could have imagined.
